Hi Doug,

I would like your input on this – I think I am on the money with most of these but I don't want Jeff or Javier to get any wrong information.

Thanks,
Dan

Hi Dan – This is excellent. Thank you! With Javier and I being at the meeting, can you also provide a few top line messages/bullets that you'd like to make sure we get across when we get to specific agenda topics. Not all of agenda topics lend themselves to a DD-level message, but perhaps a few of them do. You may want us to emphasize an “ask” or an “atta-boy” or to amplified a particular point.

Thanks -Jeff

Happy Friday everyone,
Attached is CWD's annotated agenda for our meeting with NJDEP drinking water on February 7th. Please review and send me your comments. We can also discuss these on the pre-meeting on the 6th.

Do not share with NJDEP.

Enjoy your weekends,
Dan
